## ENVIRONMENTAL POLICY STATEMENT

The Director(s) recognize that some of their activities, have an impact on the environment, and we require everyone at all levels to be committed to reduce that impact so far as is reasonably practicable.

The Board reviews Pembury FM Services's environmental performance and practice on a regular basis.

David Miller, an Executive Director on the Board is appointed with responsibilities to ensure that environmental policies (including suitable and sufficient organization and arrangements) are developed, reviewed and communicated.

Pembury FM Services will put its environmental policy statement into practice by pursuing the following objectives:-

- Comply with relevant regulatory and legislative requirements and codes of practice;
- Conduct our activities with proper regard to the protection of the environment with particular attention to preventing pollution, minimizing waste and reducing its consumption of natural resources;
- Communicate with local communities to minimize any disturbance caused by our work, where necessary;
- Ensure that our employees have a good understanding of the environmental impacts of our business and what is expected of them to minimize these impacts;
- Ensure that our suppliers and subcontractors are aware of this policy and ensure they apply similar standards to their own work and encourage them to produce their own policy statement.

All employees, subcontractors, self-employed/agency persons are required to co-operate on environmental matters and must take reasonable care of their own actions. All visitors are also required to co-operate on environmental matters.
