

### Healthcare

**Project:** Upgrade of the Trevor Gibbens Unit

**Client:** Kent and Medway NHS and Social Care Partnership Trust

**Value:** £800,000

**Duration:** 20 weeks

Pembury secured the works following a competitive tender from 6 preselected contractors.

Trevor Gibbens is a medium secure unit. The project involved new external security fencing with 'Alumasc' eaves and gutter protection, lighting, CCTV, internal locking systems, 'Pinpoint' attack and nurse call system, 'Crime Shield' protective screens, new 'KABA' entrance doors and screens, new entrance, new mains power supply, internal doors, redecoration, tree/stump removal, builders works to the Trevor Gibbens Unit at Hermitage Lane, Maidstone, Kent, ME16 9GG.

The staff and patients remained resident for the duration of the works, and great care and consideration was given to the coordination of the works.

We had a full time non working site manager to prevent the works causing any more distress than was necessary.

The works were completed to time, budget and with out incident.

To ensure patient confidentiality photographs of the interior were not taken.
